Performance and Lyrics By: Lori Holton Nash, “Miss Lori”

From the album “Music ‘n Movement TOGETHER!”

Everybody smile now
Open up wide now
Everybody feels better when their smile shines on.

Everybody smile now
Open up wide now
Everybody feels better when their smile shines on.

Some days you don't feel good, some days you just feel sad
Some days you start out on the wrong foot, which makes you feel real bad.
All you have to do to change the course of your day
Is turn your frown upside-down, come on let me hear you say.

Everybody smile now
Open up wide now
Everybody feels better when their smile shines on.

Everybody smile now
Open up wide now
Everybody feels better when their smile shines on.

I need some help with this song, will you sing with me? Great! Let's learn a harmony part, come on and follow me.

Keep smiling, no frowning
Just laughing and clowning
Keep smiling, no frowning
Let your smile shine on.

Keep smiling, no frowning
Just laughing and clowning
Keep smiling, no frowning
Let your smile shine on.

Sometimes you want to hide what you feel inside.
Sometimes you want to hide under your bed and keep the world outside.
If you're feelin' blue and cannot find your way
Look to your friend who's smiling at you and remember what I said

Everybody smile now	Keep smiling, no frowning
Open up wide now	Just laughing and clowning
Everybody feels better	Keep smiling, no frowning
when their smile shines on.	Let your smile shine on.
