[Miss Lori's CD](#)

By Peggy Crowley

Chances are your kids don't know who Lori Holton Nash is, but they sure as heck know Miss Lori. The host of the PBS Kids block on weekday mornings, Miss Lori and Hooper, her animated guinea pig sidekick, introduce shows such as "Curious George" and "Dragontales."

Nash has just come out with her own CD of songs, co-written with composer Ira Antellis, called "Miss Lori's Campus: Music 'n' Movement Together." The 17 tracks include energetic numbers to get kids moving and soothing lullabies for when it's time to calm down.
