I love to play music, make songs that are new.
Let's make an air band, create a little tune.
First let's try some horns like a tuba or sax
a trumpet, or a trombone, how do you like that.

A tuba makes a low sound like...
A trumpet makes a high sound like...

Instrumental

Music fills the room, toes start to tap.
Smiles spread to faces, fingers start to snap.
Now let's add some strings like a guitar, or bass.
A violin is real cool, your chin holds it in place.

A fiddle makes a country sound like...
A bass makes a rockin' sound like...

Instrumental

Our air band is here to play,
grab an instrument, join us today!
Our air band is here to play,
grab an instrument, join us today!

Music is a heartbeat, pulses in your ears.
Songs stay with you, last for many years.
Percussion makes rhythm with bongos or cymbals,
tambourines, maracas, wood blocks, even thimbles.

Bells make a little sound like...
Snare drums make a big sound like...

Adding one more piece will make our song complete.

It will make you move, jump out of your seat.

Lastly we have Woodwinds like a clarinet, or oboe

Pied Piper made them famous playing his piccolo.

Clarinets make a jazzy sound like...

Flutes make a classy sound like...
